## **WHAT IS UNISWAP FINANCE?**

Uniswap Finance is a BEP20 'token created on the Binance smart chain. It provides easy usage with low fee fees in the BSC network. Together with its reliable mediators, it enables fast and efficient trading by eliminating unnecessary rental methods.

## **OUR MISSION**

Our mission is to become a global brand, to ensure the right ownership together with our partners and to provide the highest security works of our operations.

## **OUR VISION**

Our vision is to make a simple and understandable production all over the world in a way that is common to this situation that spreads so that money can be used freely and in more widespread areas, to accompany people to adapt to this coordination and improve people's lives significantly. Also our vision is to ensure that people reach the welfare level.

## **PROJECT**

Our project will consist of contents about the entire Blockchain and Cryptocurrency world on the internet.

Our goal is to develop a secure mobile application that will accurately introduce and explain Blockchain and the Crypto Money world to people.

This application will contain News, Events, Blog and Forum sections.

In this way, people will be able to follow the Blockchain and Cryptocurrency world up-to-date and accurately.

Within the existing application, people will be informed about the tokens that are or will be created in the market, thanks to advertisements and comments.

At the same time, it will gather this platform divided into different social media into a single application.

## **Quote of Team**

In the world that is in the transition to a new system, recently, the importance of Cryptocurrency and Blockchain is increasing rapidly. With the emergence of blockchain technology, we provide you safe and fast service with our experienced team who follow this technology up to date. In the Cryptocurrency World, where "Security and Reliability" are important, we have identified these two fundamental ideas as our main purpose and we are moving forward with that purpose. With the mobile application we will create for the Blockchain and Cryptocurrency world, we will provide security and reliability to all people who want to learn about these technologies or/and who want to follow up-to-date news about Cryptocurrency and Blockchain World.

As we say in our slogan "We Will Grow Together!".

Best Regards.
